

DELUXE WALL LAMP H283

Deluxe Wall Lamp features a simple and tasteful metal design and is part of a lamp family that includes floor and table lamps with the same clean look. The lampshade is adjustable, making it practical as a reading lamp. But Deluxe is more than just practical; it's also a decorative interior detail that adds a sense of class and elegance. With its dimming function, you can adjust the brightness and create the right ambiance as needed. Place Deluxe next to your bedside for a soft and pleasant illumination before bedtime. The Deluxe Wall Lamp is available in several neutral colors: white/brass, black/brass, and warm gray/brass. This model stands at 28 cm in height with a 10 cm diameter lamp housing. The cord is available in white or black, and the lamp uses a GU5.3 socket. Light source not included. Design
