

# Poldina \_Table lamp

Cordless, rechargeable, battery table lamp. A touch control on the top of the lamp head allows you to switch the light on, adjust its intensity and select its color temperature. And thanks to its high IP rating, the lamp can also be used outdoors. (except for models with a metallic-leaf or galvanized finish which are not recommended for continuous outdoor use). An electronic control system monitors and indicates the remaining battery power to ensure recharging is optimized and always performed correctly. The lamp comes with a contact charging base. USB charger included for LD0340 and not included for LD1340. The lamp can be customized with a ceramic cover that can be purchased separately.

Ø 11 cm

LED dimmable IP65

## LD1340
